Subject: Add Adjudicated and Duplicate Ballots to the Audit

To Senator Petersen,

Patriotic Arizonans like myself are greatly appreciative of the full forensic audit you will be doing. I am asking that the 235,000 adjudicated ballots and 28,000 duplicate ballots be part of the 2.1 million audit to make it a completely transparent and authentic audit. These "irregular" ballots should not be destroyed as they need to be part of this audit. Please allow Jovan Pulitzer to scan all of the ballots using the Kinematic Artifacts Analysis.

May God bless you and continue to give you courage to stand for Truth.
