Honorable Arizona Senators,
We demand a full forensic audit of 100% of the PHYSICAL ballots!

We demand a full kinematic audit of the physical ballots by Jovan Hutton Pulitzer's organization. This man has the knowledge like no other to get to the truth.

Now is the time to confirm your representation of the constituents you presume to serve. The only way we will put all this election mess behind us is a 100% full forensic audit of each physical ballot from the election. Not another tiny sampling... not reviewing the scanned images... 100% full forensic audit of the physical paper ballots. The truth will eventually come out, and you all do not want to be involved in appearing to stonewall the effort or covering other people's misgivings due to friendship or cooperation. Now is the time to stand for all the transparency everyone used as a platform to run on.

100% physical ballot analysis is what everyone in Arizona, and everyone in the WORLD, is expecting. Don't get in the way of this train. You have already seen that the people will not give up. Everyone needs to get behind the will of the people right now. If the facts prove innocence, great. If the facts prove malfeasance, you sure don't want to end up being associated with trying to stonewall the process, do you? You have literally nothing to lose here unless you are part of the problem that we are expecting to uncover.

Face it, the effort to get to the bottom of this will not be stopped by you or any other individual. The people of Arizona have already made it perfectly clear that you cannot stop this. Get on board or get out of the way. Either you are 100% behind the effort to get to the bottom of this, or you are going to be assumed to be complicit in the malfeasance when the truth about the election is revealed. It will be. Do not presume to get in the way.
