Subject: The Family Unit Is the First Government

[>>>](http://goudsmit.pundicity.com/25228/the-collapsing-american-family)

"The collapsing American family is a microcosm of the collapsing American democracy. The Biden/Harris administration is supporting BLM and CRT that are attacking the American family, and the administration is also committed to canceling the foundational American principle of free speech." - Linda Goudsmit

The family unit is the first government; an incubator for a growing child's values and affections. Trust is the mortar that holds these precious units together to form a storm-resistant society. - JD Mooers

EXHIBIT A: <http://www.thelibertycell.com/home/-the-architect-of-destruction>

TO: 74,000,000 Trump-2020-voters that form today's T-Party (where, "T" stands for "Trump")

From Truman to Trump we have watched American politics play out. After the Democriminals, and Republicons, stole the 2020 election, we now see America at perhaps its lowest level of unity, as if intended to form a less perfect union; from Trump's United States to Biden's Untied States:

[cid:ii_kmkl88371] [cid:ii_kmkl4fv20]

BLACK ATTACKS of BLM, insane efforts to defund police, open borders to allow the man-made "humanitarian" invasion of our nation, out of control national debt, endless Antifa property damage and violent tear-downs of our national hero-statues, vexing homelessness problem on our city streets, illegal sanctuary cities to defy ICE enforcement, China smothering fresh air freedom at Hong Kong and now eyeing invasion of Taiwan while our own "China Joe+Jamaica Ho" stumble along to create the necessary power vacuum to suck China into world domination as USA Democriminals stand by a cheers them on, et al.

How did we devolve to this level of national lawlessness?

ANSWER: Our out-of-control life-all-its-own U.S. Government-citizenry thought us here and We the People brought us here with our obligatory tax-dollar support and our gullible acceptance of hogwash and whitewash optics from Brainwashing, DCEit. How else did we get here?

Apathy and anarchy are the tortoise and hare in the race for social disorder. - JD Mooers

74,000,000 T-Party citizens must now unite behind Citizen Trump at Mar-a-Lago White House to IGNORE-DEFY-REJECT today's out-of-control U.S. Government-citizenry because it is nothing more than millions of minions following the anti-Constitutional "fundamental transformation" foisted upon us by Pelosi+White Facilitator Biden II+muslim-Marxist Infiltrator Obama II+Vagina Politics Jamaica Harris+ Clintons et al that began on 08-28-08 : <https://www.youtube.com/watch?v=rXFwqUi3zR0&feature=youtu.be>

You are wherever you are in Life because your brain thought you there and your feet brought you there. How else did we get here? - JD Mooers
