Ladies and gentlemen,

Please click on the link above. You are not fooling anyone. Kind of odd that two weeks before the election and no one came to see the dementia Joe. Anyway, the ballot audit needs to be done by Jovan Pultizer. Also, the machines need to be done by Russell Ramsland. No one asked for a hand count, if you count phantom voters, illegal aliens and dead people the count proves nothing.

Jovan needs to run his technology, real votes saved at the end. Then remove all of the illegal ballots removed. Then you can do a hand recount. Also, the machines need a full forensic audit, not the specific stuff that you mention. Once this is done, all parties involved if something is found need to go to prison for a long, long, long, long time. The fact that anyone would let this go on needs to be made an example of, maybe treason (Gitmo). I believe that the military court system should deal with this, cause obviously our state judicial system doesn't care whatsoever about election Integrity. All parties need to also be removed from any political position, cause there obviously not performing the peoples will. Your either for the people or against them. We didn't elect you to be on a money grab. You're not fooling anyone for a ballot count of the same fraudulent ballots. The world is watching.....you can either be famous, or infamous.....it's up to you.....
