Keep fighting don't worry about the games the stupid democrats are trying to play. You have a force of people behind you, following you and we're made up of Patriotic Arizonan American's from all walks of life. We're all really tired of horrible liars like Adrian Fontes trying to paint us all with the same broad brush because we're exercising our Constitutional Rights just as democrats have always done every time a republican won against them, and they especially did when President Trump won the first time in 2016. I don't know who this fontes guy thinks he is or why all the democrats and even some Republicans think that we're all supposed to just keep our mouths shut and not question anything especially when so many laws we're broken in this election cycle but they need to stop fighting it and you need to not listen to them because we the people demand this forensic audit happens as the Constitutional process deems us necessary. We're all getting sick of being labeled as insurrectionists like the people who stormed the capital building when we're just exercising our Constitutional Rights, they need to stop with all the games because they are not going to suppress our voices anymore there's a line drawn in the sand and we are behind you 100% so please let's get this Audit going and I hope you've selected Jovan Pulitzer and other highly qualified dedicated people, I hope you're transparent about the process and live stream it as you move forward with it, and we figure out who's really the insurrectionist. I was born and raised as a Constitutional Arizonan, I'm also a disabled US Navy Veteran I fought for and defended our constitution for 6 years active duty and 3 years reserves and I'd do it again if I were in better shape but our constitution is sacred to all of us it's time you all stood for and defended our constitution by doing this Forensic Audit to the best of your abilities. Please the fate of our Republic is under attack and you've all been selected to defend it and defend us and we take care of our own. God Bless you all and I have faith you'll make the right decision.

Very Respectfully,  
Andrew J Nygren
