Subject: Re: Border Crisis

Dear Senators,

I am reaching out to you about another issue that has been weighting heavy on my heart over the last month. Please do something to reverse the policies that have led to this horrible crisis we NOW have at the border. In my opinion, the Biden administration has created this crisis and they are in denial.

How long can we stand by while thousands upon thousands enter our country illegally? Many, many, many of them are unaccompanied minors who have been treated terribly and traumatized by the journey they should have never taken. Many have been raped, trafficked, etc. What kind of a parent would let their child(ren) go on such a dangerous trip alone? Not a good parent.

As Americans, we cannot allow people to be exploited and organized crime from these cartels and coyotes to get further supported and enriched.

Information was linked to Project Veritas that there is a huge caravan coming around March 30. Let's close the Arizona border NOW to ALL illegals (minors and all). We do not have the resources to handle more illegals. They should not have been allowed in. As I understand it, Lukeville AZ is a major location for trafficking and crimes from the border.

Thank you for standing for the citizens of Arizona.

Your courage, handwork and conviction to hear and follow the Will of the Arizona People is awe inspiring. This is an excellent example of what true Servant Leadership is all about and should be about in our government. Our founding fathers would be proud. Thank you for making sure every legal vote counts.

I understand it takes time to assemble a trusted audit team to complete this task, let President Fann do the job Arizonians are requesting. Please let Ms. Fann move forward with this audit.
