Subject: CNN Query RE: Maricopa Recount

Senator Petersen,

I'm a producer at CNN who is now following politics in Arizona. I'm looking for reaction to the reports that Cyber Ninja and specifically its chief, Doug Logan, hired for the Maricopa recount, is supporter not only of former President Trump, but also the "Stop the Steal" movement, which could be seen as counter to the promise of a non-partisan recount. In addition, I'm also trying to confirm that the recount is budgeted for \$150,000. Would it be possible to get a copy of the agreement?

I'd be grateful if you or someone on your staff would contact me.

Thanks much,

Stephanie Becker
