**Subject:** Maricopa audit!

---

04/06/2021  
Senator,

I want to first thank you for your efforts in getting this audit and doing your best to move it along.

Due to the gravity of this situation & the potentially illegal actions already conducted by the Board of Supervisors, we demand IMMEDIATE action be taken to prevent any further delay.

Please, act now to conduct the audit in the Maricopa County Election and Tabulation Center. The taxpayers own the building, the audit is funded by the taxpayers, the chain of custody would be protected, and it is customary practice when fighting over disclosure and subpoenaed items to make said item available at their physical location when it is impracticable to do otherwise.

Contact Judge Timothy Thomason - demand access now and the use of the Tabulation Center- if the Board does not comply, hold them in contempt and follow thru. It has become very apparent that the Board of Supervisors, Secretary of State and other elected/appointed officials are doing everything they can to prevent this audit and it seems that only the reality of potential jail time will get them to comply.

I encourage you to do everything necessary to restore voter confidence here in Arizona.

As Sidney Powell stated, "This week is critical for the Forensic audit. The Senate must exercise its powers granted by the Arizona Constitution to take over the Maricopa Tabulation Center to audit the network, the internet connected devices, the voting machines, and the original paper ballots and envelopes."

Too many Arizonans, the Maricopa Tabulation Center was where the crime of the century took place and continues today, unexamined. Forensic evidence must be gathered there with an audit to prove or disprove the alleged fraud. The audit must NOT take place in a rented warehouse or a hotel conference room! The ballots must stay where they are not trucked across town for \$150,000 of tax paying dollars.

Sincerely,

Samantha Arrey
