Hello AZ Senate,

Friendly reminder on the below. Those ballots must remain protected.

Due to the gravity of this situation & the potentially illegal actions already conducted by the Board of Supervisors, we demand IMMEDIATE action be taken to secure the ballots and prevent any further delay.

Take action now to conduct the audit in the Maricopa County Election and Tabulation Center. The taxpayers own the building, the audit is funded by the taxpayers, the chain of custody would be protected, and it is customary practice when fighting over disclosure and subpoenaed items to make said item available at their physical location when it is impracticable to do otherwise.

Contact Judge Timothy Thomason - demand access now - if the Board does not comply, hold them in contempt.

Thank you,

Hello AZ Senate,

Due to the gravity of this situation & the potentially illegal actions already conducted by the Board of Supervisors, we demand IMMEDIATE action be taken to secure the ballots & prevent any further delay.

The Legislature has plenary authority and should force legal/physical custody of the ballots to be transferred from the Board, to the Senate, now. Remove their access. If you intend to conduct the audit in the County Election & Tabulation Center, we implore you to communicate that & order it done. Much of this confusion exists because of lack of direction, which in the past, resulted in the ballots being physically moved by the Board onto trucks.

1. We never heard back from the Senate if the Chain of Custody was fully reviewed, or if the Video of this "Operation" was reviewed.
2. Shredded ballots were found in a dumpster following this stunt.

Let's prevent another stunt like this. Take charge now.

Thank you,

Hello AZ Senate,

Thank you for your selection of the auditors for the forensic audit. I wish there would have been more partisan support for election integrity. When audits are pushed back at the company I work for (or in general), it is usually an indication of hiding something. Those who opposed, and the side that opposed, make us think more that something fishy happened.

Very thankful for those that brought this together and worked hard to make sure it is done right.

Thank you,

Hi AZ Senate,

Glad to see progress on election integrity. Please use Jovan Pulitzer.

Also, please do some work on HR5 (this bill is against religious freedom and women's safety) to make sure we have laws in place to protect our citizens from this harmful bill (a democrat, Cezar McKnight, in South Carolina is drafting a safety measure against this legislation in his own state). We also need protection from HR1, border crisis, Big Tech, and gun control laws. This may not concern representatives from California and New York, but these issues should greatly concern you and your role on the next generation!

Thank you,

Hello AZ Senate,

Please consider Jovan Pulitzer for the forensic audit. Even Georgia is starting to look into some of this stuff (see below). I was told by all my representatives that there was no evidence and yet Nevada and Georgia are showing that there were discrepancies. Let us be the leading state to secure election integrity in the future.

Hello Arizona State Senate,

As a constituent of Tucson and Arizona, I ask that you please proceed with a full forensic audit of the 2020 election. I would ask that Jovan Pulitzer or his methods be used to conduct the forensic audit. If you are not comfortable with Jovan, please use the best method possible to conduct a full forensic audit.

This should not be a partisan issue. Audits are important. I work for a Fortune 500 and can tell you I wouldn't have a job right now if an auditor (external and internal) came to audit me and I told them no.

We all come with biases. You can tell where mine lie simply from this request. Those biases should not change the fact that free and fair elections are one of the most important attributes of the country.

I look forward to hearing from each of you.

Thank you,

David McKibben
