Comments:

I'm appalled and disgusting that my voter rights are being disregarded in a such a disgusting matter by the likes of Ron Watkins! On what planet is the audit that is currently being conducted appropriate? I'm legitimately concerned about the safety of my family since these Qanon nut jobs plan on coming to our places of residence to harass us about our constitutional rights to vote. How dare you put our safety at risk in such an obtuse and idiotic way. Stop this NOW
