Subject: AZ Senate Pres Drops Bombshell Election Audit Interference Allegations Against Maricopa County (https://www.westernjournal.com/)

Senate President Fann,

I know we, as Republicans, try not to recall or display our "dirty laundry" in public regarding other Republicans. In this case, though, it's far from just dirty laundry. What Supervisor Sellers and the other Maricopa Supervisors have perpetrated a deliberate successful attempt to preempt the votes of Arizonans that voted for President Donald J. Trump in the 2020 Presidential Election. This latest violation of election laws must be dealt with in order to keep it from happening again.

"Any person, whether or not an officer of election or custodian, who willfully steals, destroys, conceals, mutilates, or alters any record or paper required by section 20701 of this title to be retained and preserved shall be fined not more than \$1,000 or imprisoned not more than one year, or both." In this instance, all involved in this miscarriage of justice, including the 5 Republican Supervisors in MaricopaCounty, must be held accountable; and a \$1000 fine is not sufficient punishment to deter future illegal activity.

When are we going to fight for the American people and Arizonans like President Trump fought for us? Now is the time!!
