Once the Arizona Forensic Audit is completed, if results of the Audit materially changed the outcome of the November 3rd, 2020 Presidential Election, it will be YOUR responsibility to remedy the outcome by recalling the Arizona Electoral College Delegates pledged to Joseph Biden sent to Congress on January 6,th 2021 and replacing them with the corresponding Electoral College Delegates pledged to Donald J. Trump.

Only through free and fair elections can we hope to maintain the peaceful transition of power from one administration to another.

Best Regards,  
Ron Spears
