Subject: FWD: Status Update: America's Audit!

Friend,

Did you see Dr. Ward's message about the status update for America's Audit this week?

It's becoming clear that the Democrat efforts to stonewall us are about one thing - *their own power*.

That's why they're turning their smear campaign into solicitations to Big Tech donors - Zuckerberg already helped them tip the scales on our elections once, and they're hoping he'll help them do it again!

We have to finish our historic effort no matter what these America Last Leftists do to try to undermine us - and we've already seen huge progress with the hand-counting of ballots. **Will you help us now overcome these Democrats so that we can finish America's Audit?**

Thank you for not bowing down!

Friend,

Trump said it best at his recent speech in North Carolina: we are not the ones trying to undermine American democracy. ***We are the ones trying to save it!***

Democrats and their media allies are trying to convince you of the exact opposite - and they're even recruiting their Big Tech donor friends to try to peddle this false narrative. **Pitch in to our Election Integrity Fund, and you can help ensure a smooth finish to our first-in-the-nation, full forensic audit!**

PUSH BACK AGAINST THEIR LIES

PITCH IN \$10 TO FINISH AMERICA'S AUDIT

It doesn't matter to the Democrats that America's Audit has the full support of Arizona's courts - not to mention the backing of concerned patriots across the country.

Their opposition is not about the security of the ballots, what company is conducting the audit, or any other nonsense that they'll spew on CNN. **Their whole goal is to get their corporate allies to help them out with perpetuating lies and propaganda!**

Ultimately, their attacks on America's Audit are about power - they want to take control of our republic, re-engineer America to fit their far-left vision, and silence anyone who gets in their way.

You can see that clearly from the Audit's detractors - some of them are even trying to segway their attacks against us to help their political ambitions!

With their stonewalling clearly just being about politics, it's never been more apparent that we need to overcome them, keep up our Election Integrity efforts, and finish America's Audit. **We've already seen huge progress with the hand-counting of ballots - now let's see our efforts through!**

As a reminder, **everyday patriots like YOU can support this effort below.**
