Friend,

Dr. Kelli Ward with the Republican Party of Arizona reaching out with an update on America's Audit:

A big step in this historic effort has just wrapped up - paper evaluation and counting have been *completed*, and we're now one step closer to getting ANSWERS and TRANSPARENCY!

KEEP UP THE SUPPORT!

The fact that we were able to reach this point - in spite of challenges from partisan

officials and smear attempts on CNN - is a testament to just how powerful grassroots Americans can be when we come together. **Never let these America Last elites lead you to believe that you can't make a difference for your country!**

And as we now wait for the results to come in and the Audit to be completed, there's more good news on the Election Integrity front: other states are considering sending out subpoenas for election materials and ***launching their own audits!*** **Our efforts are inspiring others, and Arizona is leading the way!**

CHIP IN NOW: FINISH THE AUDIT!

As is often the case, courage leads to more courage - that's why we are seeing this ripple effect across the country, and why we refer to our efforts as AMERICA'S AUDIT!

But it's also why Democrats and their news media allies are working so hard to see us fail. ***They fear what we'll find, and they certainly don't want other states to now start investigating their elections as well!***

Don't let them stop our movement - help us keep up the incredible success we've seen so far here in Arizona!

MAKE A DONATION TO THE AUDIT FUND

Our state has long been a leader on issues like the Second Amendment, the right to life, and Border Security. Now, thanks to the help of patriots like you, we are leading the way on Election Integrity as well.

Thank you for supporting the fight, and remember - here at the Republican Party of Arizona, it's always AMERICA FIRST!
